Information needed for web pages

In order to construct your ArtistsOfCleveland page, we need the following information.

Summary

This can be an artist's statement or a description of your work. Limit the text to 150 words.

Contact information

Whatever you want to include, but we suggest at minimum your email and phone number.

Photographs

We will include up to 20 photographs on your gallery page. Photos may be provided via email or on a CD in the jpeg or tiff format. The photos will be used no more than 400 pixels wide at 72 dpi, but make sure you give us a file of at least 400k in size to work with. Please provide the information you want to go with each photo, typically the title of the piece, it's size and price. Be clear about what text goes with each photo, referring to it by its file name. We reserve the right to reject images based on quality and will let you know if we run into any problems.

If you do not have digital files of your work, we will copy your work for an additional fee (see our services pricing link at the bottom of our Benefits page).

Additional information

There will be space below the Summary section at the top of the page for information about you or your work. It could include a resume, list of shows and exhibitions you have participated in, awards and recognitions, or more information about your philosophy. It's up to you, but keep in mind that studies have shown that people generally don't like to go through a lot of text on a web site. We will edit the text for spelling and grammar errors, but if there is anything that needs a larger change, we will contact you.

Text information for the Summary, Contact information or Additional information may be emailed to us at info@artistsofcleveland.com We can also accept the information as an email attachment or on a CD-ROM in the .txt, .rtf or .doc format.
